

August 31, 2021

Valued Members of Select Federal Credit Union,

As we continue to track and respond to new COVID-19 city health and safety mandates and out of the abundance of caution, SelectFCU continues operating under those safety guidelines.

In the branch

For your safety and the safety of our employees, we ask that you continue to self-monitor for symptoms (such as fever, cough or shortness of breath) and only visit our locations when you are feeling well. We highly recommend you wear a mask when entering our branches and practice social distancing by standing 6 feet apart. During times of high-traffic, we may also limit the number of individuals allowed in the premises at one time.

Safety measures

We continue to believe that good hygiene is paramount to curbing the spread. As such, we have increased our efforts to clean high-touch surfaces. Our employees will be wearing face masks for their protection and hand sanitizer is being made available in high traffic areas for your use.

Member Service

We will continue to serve you by phone, email, or online for all Member Service and lending needs. We will continue to assist all your teller transaction needs at our drive-thru within our normal business hours.

SelectFCU remains focused on the health and wellbeing of our members and employees, we believe this allows us to do our part in minimizing the spread of the virus. Together we can do this.
